

SECRET

MEMORANDUM FOR: The Inspector General

THRU : Chief, OPSEB

SUBJECT : Reimbursement Rates, Use of Vehicles

REFERENCE : A) Memo from Inspector General to C/AF, subject as
above, dated 15 November 1962
B) Book Dispatch 3421, dated 1 October 1962

25X1 1. [] revised 5 June 1962 requested all Chiefs of Stations and Bases to establish rates for reimbursement by 15 July 1962. Inasmuch as stations and bases did not establish rates, the Division, by reference B, established twelve cents as the rate. [In memo of 11 October 1962, the Chief, Operations and Liaison, Finance Division indicated that knowledge of reimbursement rates was required for audit purposes, implying that stations and bases had failed to establish such rates.]

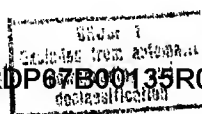

2. As expressed in your memorandum the rate established by the Division was considered to be an interim rate, the inference being that the twelve-cent rate was equitable unless another was established by the field activity.

3. The Division is preparing a dispatch clarifying reference B and asking that each station and base establish rates as specified in []

25X1 4. Three stations have already responded to reference B establishing rates other than twelve cents. [As new rates are established we are advising Chief, O&L/FD.]
